## Electronic Wall Scales

Optional gallow with meat hook

**More safety:** locking the raised weighing table by a locking bolt

Folded: only 200 mm deep

## Wall scales with rear wall – TerrexN + STAN07 (approved available)

- Foldable weighing table and rear wall made of polished stainless steel – IP67
- **More safety:** locking the raised weighing table by a locking bolt
- Ideal for weighing when inspecting incoming goods – even in the smallest spaces
- Base frame in stainless steel
- Wall bracket galvanised
- Aluminum load cell IP65
- Completely mounted with digital indicator STAN07 in stainless steel housing IP65
- Functions tested with 3 m measuring cable
- Large backlit LCD, height of digits 25 mm
- Functions: Weighing, taring, counting, total, free programmable minimum and peak values for check weighing with optical and acoustical support
- Lights function: programmable change of colour of backlight in dependence of goal attainment
- 100 memory positions each for check weighing weights, reference weights and check weighing in the counting range
- RS232 interface for connecting to a PC or printer
- Mains operation (100-240V/50-60Hz; mains adapter integrated with 2 m mains cable)
- Indicator for placing on a table or for wall mounting mounting (including wall mounting bracket for the indicator)
- 300 kg version with aluminum load cell only available without CE approval

### Options:

- Stainless steel meat hook with aluminum tip
- Stainless steel load cell IP68 (TerrexN-IP +STAN07)
- Completely in stainless steel (TerrexN-Niro-IP +STAN07)

**Prerequisite is the load-bearing capacity of the ...**

**Note:** If approved version (models –e) is needed, please order approval with the scale.

Later approval isn't possible!

For CE approval outside Germany, please be sure to provide the postal code of the installation location.
