

## Electronic Industrial Scale

### Hinged Floor Scale – Series BW3+STAN07 (approved available)

- Hinged weighing platform with two gas struts made of stainless steel – filled with bio-oil
  - Normally installation with extra base frame
  - Completely in stainless steel
  - Height of weighing platform only 90 mm
  - Smooth surface finish
  - Stainless steel load cells – IP67
  - Load capacity of the steel construction: according to DIN1925, normal load 2
  - Functions-tested with 8m connection cable
  - Mounted with robust indicator in stainless steel housing – IP65
  - Large, 5-colour LCD-Display with six digits with backlight, height of digits 25 mm
  - Functions: Weighing, Tare, Counting, Summarizing, Check Weighing – free programmable maximum values with optical and acoustical indication
  - Lights function: programmable change of colour of backlight in dependence of goal attainment
  - Each 100 product memory at check-weighing, piece counting and quantity memory for piece counting
  - RS232-interface
  - Mains with integrated power supply and 2m cable
  - For mounting on the wall or set up on a table
- Mandatory:**
- Base frame for hinged floor scale
- Other sizes and specifications on request**
- Note:** Please order of approval with the scale, subsequent approval not possible!

#### Technical Specifications

| Modell                   | Platform size mm | Art. No. | Capacity / kg | Load capacity / kg |
|--------------------------|------------------|----------|---------------|--------------------|
| BW3-1000x800-xxx+STAN07  | 1,000 x 800      | 1387-xxx | 300/600/1,500 | 3,500              |
| BW3-1250x1000-xxx+STAN07 | 1,250 x 1,000    | 1388-xxx | 300/600/1,500 | 3,500              |
| BW3-1500x1250-xxx+STAN07 | 1,500 x 1,250    | 1389-xxx | 300/600/1,500 | 3,500              |
